Ask about our production style mandrels for con rods!

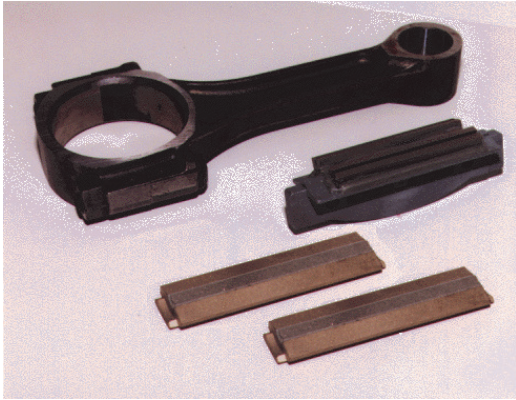

**Diamond Connecting Rod Hone Stones**

**Consider Bates Technologies Your Reliable Resource for Superabrasive Honing Stones...for connecting rod finishing**

**B**ates Superabrasive connecting rod stones and shoes are what experts rely upon to provide OEM quality bores.

Stones and shoe sets from Bates produce round and straight connecting rod bores and improve the reconditioning of the connecting rods for engine rebuilders. The diamond honing stones and diamond inserted shoes have been especially successful in providing better bore geometry, removing stock faster, while providing longer tools life.
